Cooler. Lighter. Smarter.

ThinkPad X9 laptops feature a revolutionary engine-hub design that houses critical components, which allows for ultralight devices. A smooth metal finish with rounded corners creates a sleek, modern aesthetic. We've revamped our legendary keyboard to improve the typing experience with a glass, haptic TouchPad, tighter key travel, and more precise tactile feedback. We've also added a Communication Bar with an amazing 4K camera to elevate your online meetings.

Effortless Connectivity & Support That Never Sleeps

Lenovo Aura Edition laptops, imagined with Intel[®], feature next-gen AI experiences. Smart Modes adapt to your style and elevate your everyday workflow by improving security, keeping you focused on tasks, enhancing your online meetings, extending battery life, and monitoring your posture while minimizing eyestrain. Smart Share connects your phone to your laptop with a tap, so you can easily share and edit photos. And Smart Care offers virtual support wherever you need it 24/7*. (Image generated with AI.)

*Limited global availability & optional upgrade applies for Premium Support Plus.

Your AI-Powered Partner in Productivity

Running total system power up to 118 trillion operations per second (TOPs) with the latest Intel[®] Core™ Ultra processors, the ThinkPad X9 Series delivers exceptional AI performance. Combined with Copilot+, these laptops are some of the fastest, most intelligent Windows PCs ever — equipped with all-day battery life and the highest standards of Windows security available. Enjoy the power you need to get in the zone and master the most intensive workloads ever.

Reduce Your Carbon Footprint

At Lenovo, we take sustainability seriously. We've committed to net-zero greenhouse gas emissions by 2050, making us the world's first PC and smartphone maker and one of only 139 companies with a net-zero target validated by Science Based Targets initiative (SBTi). We've also taken tangible climate action by providing [Lenovo CO₂ Offset Services](#) with PC purchases. ThinkPad X9 Series laptops use 50% recycled aluminum on three sides, as well as post-consumer content recycled plastic on components throughout, with packaging that is Forest Stewardship Council[®] (FSC) certified and plastic-free.

Enhance Your Experience With Premier Support Plus

Premier Support Plus provides VIP support, solving your IT issues better, faster. It gives you 24x7x365 direct access to advanced technicians that will provide you unscripted solutions that work every time. And since you may be working from home or rushing to your office from time to time, **Premier Support Plus** includes Accidental Damage Protection, so your new device is fully covered.
